(a) In this Section, "service member" means any person who, at the time of application under this Section, is an active duty member of the United States Armed Forces or any reserve component of the United States Armed Forces or the National Guard of any state, commonwealth, or territory of the United States or the District of Columbia or whose active duty service concluded within the preceding 2 years before application.

(b) Each director of a department that issues an occupational or professional license is authorized to and shall issue an expedited temporary occupational or professional license to a service member who meets the requirements under this Section. The temporary occupational or professional license shall be valid for 6 months after the date of issuance or until a license is granted or a notice to deny a license is issued in accordance with rules adopted by the department issuing the license, whichever occurs first. No temporary occupational or professional license shall be renewed. The service member shall apply to the department on forms provided by the department. An application must include proof that:

(1) the applicant is a service member;

(2) the applicant holds a valid license in good standing for the occupation or profession issued by another state, commonwealth, possession, or territory of the United States, the District of Columbia, or any foreign jurisdiction and the requirements for licensure in the other jurisdiction are determined by the department to be substantially equivalent to the standards for licensure of this State;

(3) the applicant is assigned to a duty station in this State or has established legal residence in this State;

(4) a complete set of the applicant's fingerprints has been submitted to the Department of State Police for statewide and national criminal history checks, if applicable to the requirements of the department issuing the license; the applicant shall pay the fee to the Department of State Police or to the fingerprint vendor for electronic fingerprint processing; no temporary occupational or professional license shall be issued to an applicant if the statewide or national criminal history check discloses information that would cause the denial of an application for licensure under any applicable occupational or professional licensing Act;

(5) the applicant is not ineligible for licensure pursuant to Section 2105-165 of the Civil Administrative Code of Illinois;

(6) the applicant has submitted an application for full licensure; and

(7) the applicant has paid the required fee; fees shall not be refundable.

(c) Each director of a department that issues an occupational or professional license is authorized to and shall issue an expedited temporary occupational or professional license to the spouse of a service member who meets the requirements under this Section. No temporary occupational or professional license shall be renewed. The spouse of a service member shall apply to the department on forms provided by the department. An application must include proof that:

(1) the applicant is the spouse of a service member;

(2) the applicant holds a valid license in good standing for the occupation or profession issued by another state, commonwealth, possession, or territory of the United States, the District of Columbia, or any foreign jurisdiction and the requirements for licensure in the other jurisdiction are determined by the department to be substantially equivalent to the standards for licensure of this State;

(3) the applicant's spouse is assigned to a duty station in this State or has established legal residence in this State;

(4) a complete set of the applicant's fingerprints has been submitted to the Department of State Police for statewide and national criminal history checks, if applicable to the requirements of the department issuing the license; the applicant shall pay the fee to the Department of State Police or to the fingerprint vendor for electronic fingerprint processing; no temporary occupational or professional license shall be issued to an applicant if the statewide or national criminal history check discloses

information that would cause the denial of an application for licensure under any applicable occupational or professional licensing Act;

(5) the applicant is not ineligible for licensure pursuant to Section 2105-165 of the Civil Administrative Code of Illinois;

(6) the applicant has submitted an application for full licensure; and

(7) the applicant has paid the required fee; fees shall not be refundable.

(d) All relevant experience of a service member in the discharge of official duties, including full-time and part-time experience, shall be credited in the calculation of any years of practice in an occupation or profession as may be required under any applicable occupational or professional licensing Act. All relevant training provided by the military and completed by a service member shall be credited to that service member as meeting any training or education requirement under any applicable occupational or professional licensing Act, provided that the training or education is determined by the department to be substantially equivalent to that required under any applicable Act and is not otherwise contrary to any other licensure requirement.

(e) A department may adopt any rules necessary for the implementation and administration of this Section and shall by rule provide for fees for the administration of this Section.

Section 10. The School Code is amended by changing Section 21B-20 as follows:

(105 ILCS 5/21B-20)

Sec. 21B-20. Types of licenses. Before July 1, 2013, the State Board of Education shall implement a system of educator licensure, whereby individuals employed in school districts who are required to be licensed must have one of the following licenses: (i) a professional educator license; (ii) a professional educator license with stipulations; or (iii) a substitute teaching license. References in law regarding individuals certified or certificated or required to be certified or certificated under Article 21 of this Code shall also include individuals licensed or required to be licensed under this Article. The first year of all licenses ends on June 30 following one full year of the license being issued.

The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt such rules as may be necessary to govern the requirements for licenses and endorsements under this Section.

(1) Professional Educator License. Persons who (i) have successfully completed an approved educator preparation program and are recommended for licensure by the Illinois institution offering the educator preparation program, (ii) have successfully completed the required testing under Section 21B-30 of this Code, (iii) have successfully completed coursework on the psychology of, the identification of, and the methods of instruction for the exceptional child, including without limitation the learning disabled, (iv) have successfully completed coursework in methods of reading and reading in the content area, and (v) have met all other criteria established by rule of the State Board of Education shall be issued a Professional Educator License. All Professional Educator Licenses are valid until June 30 immediately following 5 years of the license being issued. The Professional Educator License shall be endorsed with specific areas and grade levels in which the individual is eligible to practice.

Individuals can receive subsequent endorsements on the Professional Educator License. Subsequent endorsements shall require a minimum of 24 semester hours of coursework in the endorsement area, unless otherwise specified by rule, and passage of the applicable content area test.

(2) Educator License with Stipulations. An Educator License with Stipulations shall be issued an endorsement that (i) is non-renewable, (ii) limits the license holder to one particular position, or (iii) does not require completion of an approved educator program or any combination of items (i) through (iii) of this paragraph (2).

An individual with an Educator License with Stipulations must not be employed by a school district or any other entity to replace any presently employed teacher who otherwise would not be replaced for any reason.

An Educator License with Stipulations may be issued with the following endorsements:

(A) Provisional educator. A provisional educator endorsement in a specific content area or areas on an Educator License with Stipulations may be issued to an applicant who holds an educator license with a minimum of 15 semester hours in content coursework from another state, U.S. territory, or foreign country and who, at the time of applying for an Illinois license, does not meet the minimum requirements under Section 21B-35 of this Code, but does, at a minimum, meet both of the following requirements:

(i) Holds the equivalent of a minimum of a bachelor's degree, unless a master's degree is required for the endorsement, from a regionally accredited college or university or, for

individuals educated in a country other than the United States, the equivalent of a minimum of a bachelor's degree issued in the United States, unless a master's degree is required for the endorsement.

- (ii) Has passed a test of basic skills and content area test, as required by Section 21B-30 of this Code.

However, a provisional educator endorsement for principals may not be issued, nor may any person with a provisional educator endorsement serve as a principal in a public school in this State. In addition, out-of-state applicants shall not receive a provisional educator endorsement if the person completed an alternative licensure program in another state, unless the program has been determined to be equivalent to Illinois program requirements.

Notwithstanding any other requirements of this Section, a service member or spouse of a service member may obtain a Professional Educator License with Stipulations, and a provisional educator endorsement in a specific content area or areas, if he or she holds a valid teaching certificate or license in good standing from another state, meets the qualifications of educators outlined in Section 21B-15 of this Code, and has not engaged in any misconduct that would prohibit an individual from obtaining a license pursuant to Illinois law, including without limitation any administrative rules of the State Board of Education; however, the service member or spouse may not serve as a principal under the Professional Educator License with Stipulations or provisional educator endorsement.

In this Section, "service member" means any person who, at the time of application under this Section, is an active duty member of the United States Armed Forces or any reserve component of the United States Armed Forces or the National Guard of any state, commonwealth, or territory of the United States or the District of Columbia.

A provisional educator endorsement is valid until June 30 immediately following 2 years of the license being issued, during which time any remaining testing and coursework deficiencies must be met. Failure to satisfy all stated deficiencies shall mean the individual, including any service member or spouse who has obtained a Professional Educator License with Stipulations and a provisional educator endorsement in a specific content area or areas, is ineligible to receive a Professional Educator License at that time. A provisional educator endorsement on an Educator License with Stipulations shall not be renewed.

(B) Alternative provisional educator. An alternative provisional educator endorsement on an Educator License with Stipulations may be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

- (i) Graduated from a regionally accredited college or university with a minimum of a bachelor's degree.
- (ii) Successfully completed the first phase of the Alternative Educator Licensure Program for Teachers, as described in Section 21B-50 of this Code.
- (iii) Passed a test of basic skills and content area test, as required under Section 21B-30 of this Code.

The alternative provisional educator endorsement is valid for 2 years of teaching and may be renewed for a third year by an individual meeting the requirements set forth in Section 21B-50 of this Code.

(C) Alternative provisional superintendent. An alternative provisional superintendent endorsement on an Educator License with Stipulations entitles the holder to serve only as a superintendent or assistant superintendent in a school district's central office. This endorsement may only be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

- (i) Graduated from a regionally accredited college or university with a minimum of a master's degree in a management field other than education.
- (ii) Been employed for a period of at least 5 years in a management level position in a field other than education.
- (iii) Successfully completed the first phase of an alternative route to superintendent endorsement program, as provided in Section 21B-55 of this Code.
- (iv) Passed a test of basic skills and content area tests required under Section 21B-30 of this Code.

The endorsement may be registered for 2 fiscal years in order to complete one full year of serving as a superintendent or assistant superintendent.

(D) Resident teacher endorsement. A resident teacher endorsement on an Educator License with Stipulations may be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

- (i) Graduated from a regionally accredited institution of higher education with a minimum of a bachelor's degree.
- (ii) Enrolled in an approved Illinois educator preparation program.
- (iii) Passed a test of basic skills and content area test, as required under Section 21B-30 of this Code.

The resident teacher endorsement on an Educator License with Stipulations is valid for 4 years of teaching and shall not be renewed.

A resident teacher may teach only under the direction of a licensed teacher, who shall act as the resident mentor teacher, and may not teach in place of a licensed teacher. A resident teacher endorsement on an Educator License with Stipulations shall no longer be valid after June 30, 2017.

(E) Career and technical educator. A career and technical educator endorsement on an Educator License with Stipulations may be issued to an applicant who has a minimum of 60 semester hours of coursework from a regionally accredited institution of higher education, has passed a test of basic skills required under Section 21B-30 of this Code, and has a minimum of 2,000 hours of experience in the last 10 years outside of education in each area to be taught.

The career and technical educator endorsement on an Educator License with Stipulations is valid until June 30 immediately following 5 years of the endorsement being issued.

(F) Provisional career and technical educator. A Provisional career and technical educator endorsement on an Educator License with Stipulations may be issued to an applicant who has a minimum of 8,000 hours of work experience in the skill for which the applicant is seeking the endorsement. It is the responsibility of each employing school board and regional office of education to provide verification, in writing, to the State Superintendent of Education at the time the application is submitted that no qualified teacher holding a Professional Educator License or an Educator License with Stipulations with a career and technical educator endorsement is available and that actual circumstances require such issuance.

The provisional career and technical educator endorsement on an Educator License with Stipulations is valid until June 30 immediately following 5 years of the endorsement being issued and may be renewed only one time for 5 years if the individual passes a test of basic skills, as required under Section 21B-30 of this Code, and has completed a minimum of 20 semester hours from a regionally accredited institution.

(G) Transitional bilingual educator. A transitional bilingual educator endorsement on an Educator License with Stipulations may be issued for the purpose of providing instruction in accordance with Article 14C of this Code to an applicant who provides satisfactory evidence that he or she meets all of the following requirements:

- (i) Possesses adequate speaking, reading, and writing ability in the language other than English in which transitional bilingual education is offered.
- (ii) Has the ability to successfully communicate in English.
- (iii) Either possessed, within 5 years previous to his or her applying for a transitional bilingual educator endorsement, a valid and comparable teaching certificate or comparable authorization issued by a foreign country or holds a degree from an institution of higher learning in a foreign country that the State Educator Preparation and Licensure Board determines to be the equivalent of a bachelor's degree from a regionally accredited institution of higher learning in the United States.

A transitional bilingual educator endorsement shall be valid for prekindergarten through grade 12, is valid until June 30 immediately following 5 years of the endorsement being issued, and shall not be renewed.

Persons holding a transitional bilingual educator endorsement shall not be employed to replace any presently employed teacher who otherwise would not be replaced for any reason.

(H) Language endorsement. In an effort to alleviate the shortage of teachers speaking a language other than English in the public schools, an individual who holds an Educator License with Stipulations may also apply for a language endorsement, provided that the applicant provides satisfactory evidence that he or she meets all of the following requirements:

- (i) Holds a transitional bilingual endorsement.
- (ii) Has demonstrated proficiency in the language for which the endorsement is to be issued by passing the applicable language content test required by the State Board of Education.
- (iii) Holds a bachelor's degree or higher from a regionally accredited institution of higher education or, for individuals educated in a country other than the United

States, holds a degree from an institution of higher learning in a foreign country that the State Educator Preparation and Licensure Board determines to be the equivalent of a bachelor's degree from a regionally accredited institution of higher learning in the United States.

- (iv) Has passed a test of basic skills, as required under Section 21B-30 of this Code.

A language endorsement on an Educator License with Stipulations is valid for prekindergarten through grade 12 for the same validity period as the individual's transitional bilingual educator endorsement on the Educator License with Stipulations and shall not be renewed.

(I) Visiting international educator. A visiting international educator endorsement on an Educator License with Stipulations may be issued to an individual who is being recruited by a particular school district that conducts formal recruitment programs outside of the United States to secure the services of qualified teachers and who meets all of the following requirements:

- (i) Holds the equivalent of a minimum of a bachelor's degree issued in the United States.
- (ii) Has been prepared as a teacher at the grade level for which he or she will be employed.
- (iii) Has adequate content knowledge in the subject to be taught.
- (iv) Has an adequate command of the English language.

A holder of a visiting international educator endorsement on an Educator License with Stipulations shall be permitted to teach in bilingual education programs in the language that was the medium of instruction in his or her teacher preparation program, provided that he or she passes the English Language Proficiency Examination or another test of writing skills in English identified by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

A visiting international educator endorsement on an Educator License with Stipulations is valid for 3 years and shall not be renewed.

(J) Paraprofessional educator. A paraprofessional educator endorsement on an Educator License with Stipulations may be issued to an applicant who holds a high school diploma or its recognized equivalent and either holds an associate's degree or a minimum of 60 semester hours of credit from a regionally accredited institution of higher education or has passed a test of basic skills required under Section 21B-30 of this Code. The paraprofessional educator endorsement is valid until June 30 immediately following 5 years of the endorsement being issued and may be renewed through application and payment of the appropriate fee, as required under Section 21B-40 of this Code. An individual who holds only a paraprofessional educator endorsement is not subject to additional requirements in order to renew the endorsement.

(3) Substitute Teaching License. A Substitute Teaching License may be issued to qualified applicants for substitute teaching in all grades of the public schools, prekindergarten through grade 12. Substitute Teaching Licenses are not eligible for endorsements. Applicants for a Substitute Teaching License must hold a bachelor's degree or higher from a regionally accredited institution of higher education.

Substitute Teaching Licenses are valid for 5 years and may be renewed if the individual has passed a test of basic skills, as authorized under Section 21B-30 of this Code. An individual who has passed a test of basic skills for the first licensure renewal is not required to retake the test again for further renewals.

Substitute Teaching Licenses are valid for substitute teaching in every county of this State. If an individual has had his or her Professional Educator License or Educator License with Stipulations suspended or revoked or has not met the renewal requirements for licensure, then that individual is not eligible to obtain a Substitute Teaching License.

A substitute teacher may only teach in the place of a licensed teacher who is under contract with the employing board. If, however, there is no licensed teacher under contract because of an emergency situation, then a district may employ a substitute teacher for no longer than 30 calendar days per each vacant position in the district if the district notifies the appropriate regional office of education within 5 business days after the employment of the substitute teacher in the emergency situation. An emergency situation is one in which an unforeseen vacancy has occurred and (i) a teacher is unable to fulfill his or her contractual duties or (ii) teacher capacity needs of the district exceed previous indications, and the district is actively engaged in advertising to hire a fully licensed teacher for the vacant position.

There is no limit on the number of days that a substitute teacher may teach in a single school district, provided that no substitute teacher may teach for longer than 90 school days for any

one licensed teacher under contract in the same school year. A substitute teacher who holds a Professional Educator License or Educator License with Stipulations shall not teach for more than 120 school days for any one licensed teacher under contract in the same school year. The limitations in this paragraph (3) on the number of days a substitute teacher may be employed do not apply to any school district operating under Article 34 of this Code.

(215 ILCS 5/356z.14)

Sec. 356z.14. Autism spectrum disorders.

(a) A group or individual policy of accident and health insurance or managed care plan amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 95th General Assembly must provide individuals under 21 years of age coverage for the diagnosis of autism spectrum disorders and for the treatment of autism spectrum disorders to the extent that the diagnosis and treatment of autism spectrum disorders are not already covered by the policy of accident and health insurance or managed care plan.

(b) Coverage provided under this Section shall be subject to a maximum benefit of \$36,000 per year, but shall not be subject to any limits on the number of visits to a service provider. After December 30, 2009, the Director of the Division of Insurance shall, on an annual basis, adjust the maximum benefit for inflation using the Medical Care Component of the United States Department of Labor Consumer Price Index for All Urban Consumers. Payments made by an insurer on behalf of a covered individual for any care, treatment, intervention, service, or item, the provision of which was for the treatment of a health condition not diagnosed as an autism spectrum disorder, shall not be applied toward any maximum benefit established under this subsection.

(c) Coverage under this Section shall be subject to copayment, deductible, and coinsurance provisions of a policy of accident and health insurance or managed care plan to the extent that other medical

services covered by the policy of accident and health insurance or managed care plan are subject to these provisions.

(d) This Section shall not be construed as limiting benefits that are otherwise available to an individual under a policy of accident and health insurance or managed care plan and benefits provided under this Section may not be subject to dollar limits, deductibles, copayments, or coinsurance provisions that are less favorable to the insured than the dollar limits, deductibles, or coinsurance provisions that apply to physical illness generally.

(e) An insurer may not deny or refuse to provide otherwise covered services, or refuse to renew, refuse to reissue, or otherwise terminate or restrict coverage under an individual contract to provide services to an individual because the individual or their dependent is diagnosed with an autism spectrum disorder or due to the individual utilizing benefits in this Section.

(f) Upon request of the reimbursing insurer, a provider of treatment for autism spectrum disorders shall furnish medical records, clinical notes, or other necessary data that substantiate that initial or continued medical treatment is medically necessary and is resulting in improved clinical status. When treatment is anticipated to require continued services to achieve demonstrable progress, the insurer may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated outcomes stated as goals, and the frequency by which the treatment plan will be updated.

(g) When making a determination of medical necessity for a treatment modality for autism spectrum disorders, an insurer must make the determination in a manner that is consistent with the manner used to make that determination with respect to other diseases or illnesses covered under the policy, including an appeals process. During the appeals process, any challenge to medical necessity must be viewed as reasonable only if the review includes a physician with expertise in the most current and effective treatment modalities for autism spectrum disorders.

(h) Coverage for medically necessary early intervention services must be delivered by certified early intervention specialists, as defined in 89 Ill. Admin. Code 500 and any subsequent amendments thereto.

(h-5) If an individual has been diagnosed as having an autism spectrum disorder, meeting the diagnostic criteria in place at the time of diagnosis, and treatment is determined medically necessary, then that individual shall remain eligible for coverage under this Section even if subsequent changes to the diagnostic criteria are adopted. If no changes to the diagnostic criteria are adopted after April 1, 2012, and before December 31, 2014, then this subsection (h-5) shall be of no further force and effect.

(8) require, prior to such hydraulic fracturing, the owner or operator to perform a suitable mechanical integrity test of the casing or of the casing-tubing annulus or other mechanical integrity test methods using procedures that are established by administrative rule; and

(9) require, during the well stimulation operation, that the owner or operator monitor and record the annulus pressure using procedures that are established by administrative rule.

(b) The protection and challenge of trade secrets under this Section is governed by subsection (g) of Section 7 of the Freedom of Information Act.

(c) The owner or operator shall provide information to the Department as to the amounts, handling, and, if necessary, disposal at an identified appropriate disposal facility, or reuse of the well stimulation fluid load recovered during flow back, swabbing, or recovery from production facility vessels.
